

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

August 5, 2022

Dear King Members, Friends, and Family:

The Wisconsin Department of Health Services continues to report elevated COVID-19 virus case levels across our state again today. We are thankful that Waupaca County continues to report low virus transmission compared to other area counties. We encourage everyone to please practice safe behaviors in the community to reduce the potential spread into our Home.

Since we updated you yesterday, we had 2 employees test positive for COVID-19. Accounting for all recent recoveries, currently we have 8 cases of COVID-19 on campus (0 members, 8 employees).

Please stay up to date on your vaccinations and booster shots as this gives you the best possible protection from being seriously ill from the virus. The CDC recommends everyone ages 6 months and older stay up to date with their vaccines, which includes everyone 5 years and older getting boosters if eligible, for the best protection against COVID-19.

We ask if you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. If you are planning to visit our campus, all visitors are asked to wear an N95 or KN95 mask when in our buildings and perform a health check assessment upon arriving.

Thank you for your ongoing understanding and support of our Home.

Sincerely,

A handwritten signature in black ink that reads 'T. Servatius'.

Tammy Servatius
Commandant
